Corresponding Author's Organization ⓘ

Please enter the corresponding author's organization. We use this information so we can offer tailored publishing options and a personalized article publishing charge for Gold open access when applicable.

Hint: start your search using your main organisation name (e.g. University of Manchester) as this will return the most results from which to select the most appropriate option. If you're unable to find your specific department, then selecting your main organization is sufficient. For more tips on searching for an organization please visit our [Support Center](#).

Funder
Preferred

Gold Open Access

As a corresponding author affiliated with [name of the institution], I have the opportunity to publish open access.

I do not have to pay an Article Publishing Charge (APC). Upon validation, the agreement between Elsevier and Gold Open Access Pilot national program in Poland will cover the APC.

I can share my article in accordance with the user license that I select. Please find further details on [Elsevier's agreement page](#).

With Gold Open Access, your final published article is immediately available to everyone.

Select Gold Open Access

*If the validation is not successful, an invoice for the total APC of EUR 3,320.00 (ex. tax) will be sent directly to me.

Subscription

As a corresponding author affiliated with [name of the Institution], I will publish my article under the subscription model, making my final published article immediately available to all subscribers.

Further details on [Elsevier's agreement page](#)

[Elsevier's sharing policy](#) explains how I can share my accepted manuscript.

Umowa licencyjna

Elsevier Ltd

Your Status

- I am one author signing on behalf of all co-authors of the manuscript

License of Publishing Rights

I hereby grant to Elsevier Ltd an exclusive publishing and distribution license in the manuscript identified above and any tables, illustrations or other material submitted for publication as part of the manuscript (the "Article") in print, electronic and all other media (whether now known or later developed), in any form, in all languages, throughout the world, for the full term of copyright, and the right to license others to do the same, effective when the Article is accepted for publication. This license includes the right to enforce the rights granted hereunder against third parties.

Supplemental Materials

"Supplemental Materials" shall mean materials published as a supplemental part of the Article, including but not limited to graphical, illustrative, video and audio material.

With respect to any Supplemental Materials that I submit, Elsevier Ltd shall have a perpetual worldwide non-exclusive right and license to publish, extract, reformat, adapt, build upon, index, redistribute, link to and otherwise use all or any part of the Supplemental Materials, in all forms and media (whether now known or later developed) and permit others to do so. The publisher shall apply the same end user license to the Supplemental Materials as to the Article where it publishes the Supplemental Materials with the Article in the journal on its online platforms on an Open Access basis.

Research Data

"Research Data" shall mean the result of observations or experimentation that validate research findings and that are published separate to the Article, which can include but are not limited to raw data, processed data, software, algorithms, protocols, and methods.

With respect to any Research Data that I wish to make accessible on a site or through a service of Elsevier Ltd, Elsevier Ltd shall have a perpetual worldwide, non-exclusive right and license to publish, extract, reformat, adapt, build upon, index, redistribute, link to and otherwise use all or any part of the Research Data in all forms and media (whether now known or later developed), and to permit others to do so. Where I have selected a specific end user license under which the Research Data is to be made available on a site or through a service, the publisher shall apply that end user license to the Research Data on that site or service.

Autor akceptuje warunki umowy licencyjnej

Author representations

- The Article I have submitted to the journal for review is original, has been written by the stated authors and has not been previously published.
- The Article was not submitted for review to another journal while under review by this journal and will not be submitted to any other journal.
- The Article and the Supplemental Materials do not infringe any copyright, violate any other intellectual property, privacy or other rights of any person or entity, or contain any libellous or other unlawful matter.
- I have obtained written permission from copyright owners for any excerpts from copyrighted works that are included and have credited the sources in the Article or the Supplemental Materials.
- Except as expressly set out in this License Agreement, the Article is not subject to any prior rights or licenses and, if my or any of my co-authors' institution has a policy that might restrict my ability to grant the rights required by this License Agreement (taking into account the Scholarly communication rights permitted hereunder), a written waiver of that policy has been obtained.
- If I and/or any of my co-authors reside in Iran, Cuba, Sudan, Burma, Syria, or Crimea, the Article has been prepared in a personal, academic or research capacity and not as an official representative or otherwise on behalf of the relevant government or institution.
- If I am using any personal details or images of patients, research subjects or other individuals, I have obtained all consents required by applicable law and complied with the publisher's policies relating to the use of such images or personal information. See <https://www.elsevier.com/about/our-business/policies/patient-consent> for further information.
- Any software contained in the Supplemental Materials is free from viruses, contaminants or worms.
- If the Article or any of the Supplemental Materials were prepared jointly with other authors, I have informed the co-author(s) of the terms of this License Agreement and that I am signing on their behalf as their agent, and I am authorized to do so.

Governing Law and Jurisdiction

This License Agreement will be governed by and construed in accordance with the laws of the country or state of Elsevier Ltd ("the Governing State"), without regard to conflict of law principles, and the parties irrevocably consent to the exclusive jurisdiction of the courts of the Governing State.

For information on the publisher's copyright and access policies, please see <http://www.elsevier.com/copyright>.

I have read and agree to the terms of the License Agreement.

Kontakt z autorami – wysłanie 3 tygodnie listopada

Template to contact authors:

We are pleased to write to you in relation to our recent agreement with “Interdisciplinary Centre for Mathematical and Computational Modelling (ICM)”, on behalf of Polish institutions. Under this agreement, corresponding authors at participating Polish institutions can publish their articles open access at no additional cost to the author, which means authors choosing to publish open access do not have to pay an APC.

Retrospective OA:

You are eligible for publishing OA retrospectively with full APC funding because you submitted your article on or after 31st May 2019 in [insert journal title].

You have already chosen the subscription model for your article. At the Polish consortium’s request, we are offering you the option to change your article to open access as part of the Elsevier and Polish open access pilot

The Polish consortium would like to ask you to complete the form using the following link [insert deep link]. We have attached a slide deck of our workflow as a guide and also list of institutes part of the agreement.

If this is your preferred option, please activate OA for your article by 17th December 2019.
